

Faculty Data: “faculty.dta”

The dataset has information on the salaries of faculty at Bowling Green State University in Ohio, U.S.A., in the academic year 1993–1994.

We will use the following variables:

- `salary`: academic year (9 month) salary in U.S. dollars
- `gender`: gender (1: Women; 2: Men)
- `market`: marketability of academic discipline, defined as the ratio of the national average salary paid in the discipline to the national average across all disciplines
- `yearsdeg`: time since degree (in years)
- `rank`: academic rank (1: assistant professor; 2: associate professor; 3: full professor)
